## STAINLESS STEEL FLOOR CLEANOUT

### ALPINE MAKE

Alpine Steel presents the Cleanout for our special costumers. Our Stainless Steel Cleanout is as per standard and is made of Grade-304. It is manufactured in various sizes to match the requirement of our prestigious costumers. Available sizes are mentioned as below,

AxB (Tile Size)	CxD (Over Base)	E (Depth)
6"x6"	2"	2"
6"x6"	3"	2"
6"x6"	4"	2"
9"x9"	6"	3"
12"x12"	8"	3"
15"x15"	12"	3"

### Diagram

As shown in diagram, The Clear Opening (AxB) would be the part where the Alpine Cleanout would rest in pipe opening. Clear Opening size can vary from pipe to pipe. Alpine Steel is offering clear opening in 2", 3" & 4" sizes respectively. The Tile Size(CxD) would be on floor level and would be observable after the installation of Cleanout. Depth(E) indicates the depth of the collar of drain resting in the opening of the pipe.
